Dear Tom,

Provision of information during 8 June evidence session

Thank you for your appearance before the Committee on Monday 8 June as part of our inquiry into the long-term delivery of social and affordable rented housing.

It would be helpful for the Committee if you could elaborate and provide further information on the following questions asked by the Committee during the evidence session:

1. Do you agree with the conclusions of the UK Housing Review 2020 which stated that, in London, "the gap between actual delivery and the 2022 target remains large"?
2. How many affordable housing completions, rather than starts, has the GLA delivered per year since 2016?
3. How many affordable housing starts have begun per year since 2016?
4. How confident are you that you will be able to deliver the 66,000 affordable homes requirement for London? What impact will COVID-19 have on this target?

I would appreciate a response to this letter by 19 June.

Clive Betts MP
Chair, Housing, Communities and Local Government Committee
