Publication of research relating to the opening of schools

Dear Duncan,

We understand that Public Health England will be publishing work relating to Covid-19 transmission rates among school children.

As you will be aware, scrutinising the safe return of children to school this September is one of the key priorities of the Education Select Committee.

We would be grateful if you are able to confirm when you expect the report to be published. We would request that a copy is shared with us now and encourage you to put it in the public domain in full as soon as possible.

Thank you for your work on this important issue.

Yours sincerely,

Robert Halfon MP
Chair of the Education Committee
