Dear Lord Greenhalgh

Pre-legislative Scrutiny: Draft Building Safety Bill

Thank you for your letter of 9 September enclosing the six factsheets that have been produced to supplement the information already published in relation to the draft Building Safety Bill. In the interests of transparency, I expect these to be published on the Committee's website shortly.

It was very helpful to speak with you last Monday and I am grateful for your offer of further informal discussions during the course of the pre-legislative scrutiny. The informal session held with the Bill Team and policy officials last Thursday was very informative and useful in assisting the Committee to get a good overview of the whole Bill.

Finally, I can also confirm that we are working towards publishing the report before the end of November.
