Dear Lucy,

Planning consultations

In your consultation on [reforms to national planning policy](#), published 22 December 2022, you outline proposals for several future consultations on planning. These include a separate consultation on the National Planning Policy Framework and the detail of proposed National Development Management Policies; a consultation on the details of the Infrastructure Levy; and consultations on other planning provisions of the Levelling-up and Regeneration Bill to be formulated in secondary legislation.

As these further consultations are numerous, can you please set out in a table the details of all proposed consultations relating to planning? This should include closed consultations to which the Government has not yet responded; current open consultations; and all future consultations that have been indicated in the Levelling-up and Regeneration Bill, the Levelling Up and Regeneration: further information policy paper, and the current national planning policy consultation.

I would be grateful for a response by 20 February.

Best wishes,

Clive Betts MP
Chair, Levelling Up, Housing and Communities Committee
