6th February 2020

Dear Gosia,

2019-20 Supplementary Estimate: Memorandum for HM Revenue & Customs

As set out in PES PAPER (2019) 9 "Supplementary Estimates 2019-20" the Treasury have requested that Departments produce an Estimates Memorandum to provide the Select Committee with more detailed information about the content of their Supplementary Estimates.

The Treasury requirement is that these documents are presented to the Select Committee no later than the date of publication of the related Estimate. As Principal Accounting Officer for HM Revenue and Customs, I have approved the attached Memorandum, which I hope the Select Committee will find instructive. The Treasury Spending Team has approved the Estimate and publication of the Supplementary Estimate is expected to be on the 12th February 2020.

I shall be grateful if you would pass copies of the Memorandum and the Supplementary Estimate to Select Committee members.

Yours sincerely

Jim Harra
