	Gender	Identifies the gender of a person.
	Address Line 1	Address Line 1 of the Person Defendant
	Address Line 2	Address Line 2 of the Person Defendant
	Address Line 3	Address Line 3 of the Person Defendant
	Address Line 4	Address Line 4 of the Person Defendant
	Address Line 5	Address Line 5 of the Person Defendant

	Postcode	Post Code of the Person Defendant
	Home Phone Number	Home Telephone of the Person Defendant
	Mobile Number	Mobile phone of the Person Defendant
	Work Phone Number	Work Telephone of the Person Defendant
	Fax	Fax of the Person Defendant
	Email	Email of the Person Defendant
	Create On	System generated
	Changed On	System generated
	National Insurance Number	Personal Account Number for the administration of National Insurance
	Middle Name	Middle Name of the Defendant
	Nationality	ID of the Nationality Reference Data Record for the Defendant
	Additional Nationality	ID of the Nationality Reference Data Record for the Defendant (Where additional Nationality is specified)
	Observed Ethnicity	Third Party Classification of ethnic origin of an individual person. Linked to "OBSERVED_ETHNICITY" Reference Data Record
	Self-Defined Ethnicity	Person's ethnic self-assessment. Linked to "ETHNICITY" Reference Data Record
	Occupation	Occupation of the Defendant
	Occupation Code	Occupation Code of the Defendant
	Interpreter Language Needs	Notes about the defendant's language needs, e.g. interpreter details
	Document Language Needs	Identifies the language to be used in documents
	Special Needs	Notes about any help that the defendant may need when attending court – e.g. wheelchair access

	Secondary Email	Secondary Email Address of the Defendant
CUSTODY STATUS	Id	Unique Id for the table. A record is created each time there is a change in the custody status
	Case Id	Unique Id of the Case
	Defendant Id	Unique Id of the Defendant
	Offence Id	Unique Id of the Offence
	Status Description	Description of the Custody status of a defendant - e.g. "Custody or remanded into custody" , "Unconditional Bail" etc.
	Status Type	Field to differentiate the Custody Status was before OR after a hearing: Values - "PRE HEARING" & "POST HEARING"
LEGAL ENTITY	Id	Identified as a legal entity - event created to confirm organisation added with a reference number .
	Entity Name	Entity Name
	Incorporation Number	Incorporation Number
	Registered Charity Number	Registered Charity Number
	Address Line 1	Address Line 1
	Address Line 2	Address Line 2
	Address Line 3	Address Line 3
	Address Line 4	Address Line 4
	Address Line 5	Address Line 5
	Post Code	Post Code
	Home Telephone Number	Home Telephone Number
	Mobile Number	Mobile Number
	Work Telephone Number	Work Telephone Number
	Fax	Fax

	Email	
	Secondary Email	
ASSOCIATED PERSON	Case Person Id	
	Defendant Id	ID of the Defendant
	Personal Role	Role of the person associated to the Defendant
POLICE DETAIL	Rank	The arresting officers rank, as decided by the Police service.
	Narrative	Provides a correspondence between the police and the courts - Highlights of charging issues or listing issues.
	Badge Number	The arresting officers badge number, as administered by the Police service.

	Discharge For Value	Length of the period a Conditional Discharge is given
	Discharge For Unit	Conditional Discharge period.
	Fine	Result which is at Offence level. Amount of fine/penalty.
	Compensation	A field that confirms if compensation has been awarded including value of the award.
	No Compensation Reason	Reason why there is no compensation is awarded.
	Guilty Plea Accounted	With regards to a SJP case and whether a guilty plea has been provided.
	Offence Id	Unique Id of the offence for which the decision is made
	Verdict	Verdict for the OFFENCE from the SJP Session - Value can be any one of the below: PROVED SJP FOUND NOT GUILTY FOUND GUILTY NO VERDICT
HEARING	Id	Unique Id of the Hearing
	Hearing Type	A specific reference to the hearing type. Inline with reference data held on national hearing types.
	Court	ID of the Court
	Reporting Restrictions	Any Reporting Restrictions that need to be considered for the Hearing
	Court Room	ID of the Court Room
	Estimated Duration	Estimated Duration of the Hearing
	Jurisdiction Type	Jurisdiction Type of the Hearing i.e. MAGS or Crown

	Hearing Allocated Date	Hearing Allocated Date, , If the hearing is reallocated, this date is updated
		Hearing Initiated Date, If the hearing is reallocated, this date is updated when the new hearing initiation date. This date is not the date when hearing is started , it is the date when the hearing context receives the information of an allocated case
	Hearing Result Date	Updates with the latest resulted Date. Populates when the result is saved even if not shared.
HEARING DATE	Id	URN for this new table
	Hearing Id	Unique ID of the Hearing Record that is linked to the case.
	Hearing Date	Date of the hearing
	Start Time	Scheduled Start Time for the Hearing
	End Time	Scheduled End Time for the Hearing
	Duration	Allocated Duration of Hearing in Minutes
	Allocated Sequence Number	A record of the hearing, in sequential order. This is where the hearing will sit in any listed tables (Pre the hearing taking place).
	Listed Duration	Listed Duration (Populated when the Hearing is Listed). This is an actual figure as apposed to "allocated".
	Listed Sequence	Sequence of the Hearing (Populated when the Hearing is Listed).
HEARING ADJOURNMENT	Id	Unique Id of the Hearing
	Hearing Id	Unique ID of the Hearing Record that is linked to the case.
	Court Id	The court where the hearing has been adjourned to
	Earliest Start Datetime	Date and time when the next hearing will occur.
	Estimated Minutes	Estimated time allocated for the next hearing.

	Case Id	Case id is checked at the defendant level in order to cover multiple cases per hearing scenario.
		Jurisdiction Type (MAGISTRATES or CROWN) where the hearing is adjourned to.
		Hearing Type for the adjourned Hearing - A specific reference to the hearing type. Inline with reference data held on national hearing types.
	Adjournment Date	Date of Adjournment
HEARING CASE APPLICATION	Id	Unique ID for this table. This is sequential to the hearings already allocated and listed.
	Case Id	Case id is checked at the defendant level in order to cover multiple cases per hearing scenario.
	Application Id	Unique ID of the Application Record
	Hearing Id	Unique ID of the Hearing Record
	Ejected Flag	Flag set if the case is ejected at hearing
	Ejected Date	Date when case was ejected
HEARING JUDICIARY	Id	Unique Id for the table, confirms data relates to judiciary within a hearing.
	Hearing Id	Unique Id of the HEARING
	Judiciary Id	Unique Id of the Judiciary (ID of Judiciary Reference Data table)
	Judiciary Title	Title of Judiciary associated with the hearing.
	Judiciary Initials	First listed judicial ID on the first hearing. This can be displayed in the media register.
	Judiciary Last Name	Last Name of Judiciary of the Hearing
	Bench Chairman	True field if the Judiciary is the Bench Chairman
	Deputy	True field if the Judiciary is Deputising

	Judiciary Role Type Id	Id of the Judiciary Role Type
	Judiciary Role Type	Judiciary Role - Magistrate/Judge
	Last Modified Ts	Last Modified Timestamp
HEARING RESULT	Id	Unique Id for the table. Refers to resulted hearings.
	Target Id	Unique Id for the shared result (Post a resulted hearing).
	Hearing Id	Unique Id of the hearing record (HEARING)
	Defendant Id	Unique Id of the defendant record (See defendant detail)
	Offence Id	Unique Id of the Offence record.
	Result Id	Unique Id of the resulted hearing.
	Result Definition Id	Description of the result.
	Result Label	Hearing type that has been resulted.
	Result Level	Result Level - Case , Defendant etc. Confirming where the result has been attached, to a hearing relating to the case or the defendant.
	Ordered Date	Date when Order was issued
	Shared Date	Date when Result was Shared
	Delegated Powers Id	Unique Id of the Delegate Powers User.
	Delegated Powers First Name	First name who has been assigned Delegated Powers for the Hearing
	Delegated Powers Last Name	First name who has been assigned Delegated Powers for the Hearing
HEARING RESULT PROMPT	Id	Unique Id for the table - Mandatory and Optional result codes.
	Hearing Result Id	Id of the HEARING_RESULT
	Prompt Id	Unique Id for the prompt. Examples of hearing prompts include, mandated fields, text, date address etc. This field confirms the prompt was provided.

	Prompt Label	This lists what the prompt included.
	Prompt Value	Value of the Prompt in this instance refers to the result of the prompt.
		Value of the Prompt in this instance refers to the result of the prompt - Welsh
	Last Modified Timestamp	Database constraint not nullable (not yet available).
HEARING EFFECTIVENESS	Id	Unique ID for this table, Sequence Generated. Relates to Trial effectiveness.
	Hearing Id	Unique ID of the Hearing Record - In this instance it relates to a trial as a hearing.
	Trial Type Id	URN relating to the trial types: including effective/ineffective/cracked/vacated.
	Trial Type Code	Trial outcomes are provided with a code that cover cracked/ineffective/effective/vacated.
	Trial Type	A description alongside the trial code: cracked/ineffective/effective/vacated.
	Trial Type Description	This is text field that provides the reasons for cracked/ineffective/vacated trials.
	Effective Trial	SET to "True" when it is an effective Trial.
HEARING INTERPRETER INTERMEDIARY	Id	Unique ID for this table, Sequence Generated. Confirms the data relates to the use of an intermediary in the court.
	Hearing Id	Unique ID of the Hearing Record
	Hearing Role	Role i.e. "INTERPRETER" OR "INTERMEDIARY"
	First Name	First Name of the Interpreter OR Intermediary

		Last Name of the Interpreter OR Intermediary
	Attendant Type	Type of the Party the interpreter OR Intermediary is representing for "DEFENDANTS" OR "WITNESS"
		Name of the Witness the intermediary is associated with.
		Id of the Defendant the intermediary is associated with
	Record Deleted	A confirmation if the record is deleted for audit/governance purposes.
HEARING ATTENDANCE	Id	Sequence Generated Id that confirms this data relates to attendance at a hearing (excluding judiciary).
	Hearing Id	Unique ID of the Hearing Record
	Hearing Date ID	Unique ID in HEARING_DATE table that links the attendance to the hearing date
	Attendant Id	An ID provided to the attendee to the hearing.
	Attendant Type	"INTERPRETER", "INTERMEDIARY" etc.
	Record Deleted	A confirmation if the record is deleted for audit/governance purposes.
HEARING EVENT LOG	Hearing Id	Unique ID of the Hearing Record
	Event ID	Each event within a hearing is given an ID. This can be used ensure all automated process have been initiated.
	Event Definition Id	A description of the event.
	Record Label	Details of the Record Label as a reference to the event type.
	Event Time	Date Time when the event has happened
	Record Deleted	Set to True if the record is deleted
	Case Id	Unique ID of the Case Record
APPLICATION	Application Count	Application Count per case.

	Application Particulars	The particulars of the application when not covered by the associated document. Recorded a separate entity on the case.
	Application Status	Indicates if the application is draft, listed or finalised
	Application Type	The type of application made to court for judicial decision.
	Application Type Code	The Code relating to the type of application made to the court for judicial decision.
	Application Type ID	An ID that relates to the applications type. Used to generate application type.
	Breached Order	When an application relates to a breach order details are provided to confirm which order has been breached.
	Breached Order Date	When the application is for breach proceedings, the date of the order that is alleged to have been breached
	Case ID	ID of the Case if Application is Linked to a Case
	Decision Sought By Date	The date by which a judicial decision is sought
	Due Date	The date by which the application must be resulted and concluded
	Ejected Date	Date when the Application was Ejected from the CP Application
	Ejected Flag	Flag Set when Application is Ejected from the CP Application
	Fee Exempt Flag	Indicates if a fee has not been paid due to exemption
	Fee Paid Flag	Indicates if a fee has been paid
	Fee Undertaking Attached Flag	Indicates if a fee undertaking document has been attached
	ID	Unique ID for this table.
	Last Modified Timestamp	Last event that was used to update the application.
	Last Updated Timestamp	Timestamp when the record was last updated.

	Ordering Court ID	Application for breach proceedings will require details of the original ordering court.
	Originating Hearing ID	
	Reason for Out of Time	The rationale for seeking a judicial decision when the regulatory timeline has surpassed. This only applies to application types that are time constrained i.e. <code>isTimeRestricted == true</code>
	Outcome Date	
	Outcome Type ID	
	Parent Application ID	
	Payment Reference	
	Received Date	
	Application Reference Number	This is the reference for the application that is shown on Common Platform. For linked applications this will be the case urn or the prosecution authority reference suffixed with a numerical sequence.
	Rejected Date	
	Rejected Flag	
	Rejected Reason	
	Removal Reason	
APPLICATION PERSON	Id	Id that relates to this data table. Holds data relating to a person associated with an application.
	Applicant Synonym	Applicant Synonym
	Applicant Type	Applicant Type is recorded against the person associated with the application.

	Prosecuting Authority Id	Prosecuting Authority Id. This includes who is making the application.
	Defendant Id	Defendant that is associated with the application.
ORGANISATION	Organisation Name	Organisation Name
	Organisation Type	Organisation Type
	Incorporation Number	Incorporation Number
	Registered Charity Number	Registered Charity Number
	Address Line 1	Address Line 1
	Address Line 2	Address Line 2
	Address Line 3	Address Line 3
	Address Line 4	Address Line 4
	Address Line 5	Address Line 5
	Post Code	Post Code
	Home Telephone Number	Home Telephone Number
	Mobile Number	Mobile Number
	Work Telephone Number	Work Telephone Number
	Fax	Fax
	Email	Email
	Secondary Email	Secondary Email
ORGANISATION PERSON	Id	Data relating to this table. Holding data relating to persons involved in an organisation.
	Organisation ID	Organisation Id
	Person Role	Role of the Person in the Organisation

CASE LINK SPLIT MERGE	Id	Data relating to this table. Data relating to case split and merge. ID that is created to link data to this data set.
	Case Id	URN relating to a case that needs to be linked.
	Linked Case Id	URN relating to a case a case that is linked to the original case ID.
	Link Type	Confirms if the case is either, LINK or SPLIT or MERGE.
	Link Split Merge Reference	Only Applicable to Split and Merge however provides a new reference to cover both cases.
DEFENDANTS MATCHED	Id	Data relating to this table. Data relating to matched defendants. ID that is created to link data to this data set.
	Defendant Id	Id of the Defendant which is linked to the case URN
	Matched Defendant Id	This is a defendant ID however the link is with the original and split case ID.
	Unmatched Flag	When a defendant is disassociated from a case they will retain an unmatched flag.
COURT SESSION	Id	Data relating to this table. Data relating to court sessions. ID that is created to link data to this data set.
	Court Id	ID of the Court for which the session information is recorded.
	Court Room Id	ID of the Court Room for which the session information is recorded.
	Session Date	Date for which the Session Information is recorded.
COURT SESSION DETAIL	Id	Data relating to this table. Data relating to court session data. ID that is created to link data to this data set.
	Court Session Id	A unique number given to the session.
	Session Period	Time of the session. i.e. AM or PM Morning sessions are captured. Afternoon Session are captured.
	Start Time	Start Time of the Session
	End Time	End Time of the Session

	Court Clerk Id	
	Court Associate Id	
	Legal Adviser Id	
	Id	
	Court Session Detail Id	
	Judiciary Id	ID of the judiciary associated with the session.
	Judiciary Name	Name of the judiciary associated with the session.
	Bench Chairman	If there is a bench chairman then this is flagged.
