Dear Sir Bernard,

Select Committee X (formerly Twitter) accounts

Thank you for your letter dated 19 October in relation to the resolution by the Liaison Committee that Chairs of committees should have delegated authority to access and post directly to their respective Committee X (formerly Twitter) accounts. In your letter, the Committee sought to request that the House Administration put in place provisions to make these arrangements possible.

I understand that these arrangements are now in place and, should Chairs wish, they can seek, via a motion of their committee, to gain delegated authority to post directly to their committee X accounts.

I understand that officials have also provided advice, and will provide ongoing support to Chairs who wish to take up this offer with regards to social media best practice for Parliamentary accounts. I trust that these arrangements fulfil the Committee's wishes.

With kind regards,

Rt Hon. Sir Lindsay Hoyle MP
Speaker
