Dear Ken,

I wish to take this opportunity to express my Committee's gratitude to all at Harper Adams University for hosting the EFRA Committee on campus earlier this month. It was fascinating to explore the facilities available to students and to hear about the future plans for the University.

Your hospitality enabled my Committee to hold a Parliamentary evidence session away from Westminster for our land-based education and careers inquiry. You also provided valuable oral evidence on behalf of the University during the evidence session. It was refreshing also to hear directly from the next generation about their career aspirations and how the University is connecting directly with employers to facilitate this.

Yours sincerely

Rt Hon Sir Robert Goodwill MP
