Thank you for the invitation to attend the Public Accounts Committee session on 15 May on the 2020-21 Whole of Government Accounts (WGA). Unfortunately, I am able to attend the session as I have a prior engagement.

However, I want to take this opportunity to set out how much the Government values WGA, and our commitment to continuing to produce WGA in future. We are committed to continuing to ensure the accounts are produced in a timely manner to a high quality, and are also committed to ensuring that the wealth of data contained within WGA is used across Government. I look forward to the upcoming publication of the Balance Sheet Report, which uses WGA data.

Yours sincerely,

Gareth Davies MP
EXCHEQUER SECRETARY TO THE TREASURY
