Dear Home Secretary

**Re: Departmental Minute regarding use of contingent liability to  
support Maritime Counter Terrorism response capabilities**

Thank you for providing the Public Accounts Committee with the Departmental Minute relating to the use of contingent liability to support Maritime Counter Terrorism response capabilities.

I do not see any grounds to object on behalf of Parliament to the proposed liabilities that the Home Office is proposing to accept, or to raise any matters of procedure.

Yours sincerely

**Dame Meg Hillier MP**  
**Chair of the Committee of Public Accounts**
