Dear Scott, Rory,

Thank you for giving evidence to the Scottish Affairs Committee on Monday 13 May. I am taking this opportunity to write with some further questions, as set out below:

- How do Scottish Government Ministers and officials working on supporting the space sector feed into decision-making around skills policy, and what are the messages you are delivering to skills colleagues on the space sector's needs?
- You spoke about the ongoing work within the Scottish Government to transform the skills system. What is the timescale for this work, and what impact is it expected to have for the space sector specifically?

I would be grateful if you could provide a response by 3 June.

Yours sincerely

Pete Wishart MP
Chair, Scottish Affairs Committee
