

Summary of Committee's meeting on 22 October 2024

The committee reflected on its meeting with the Parliamentary Commissioner for Standards, and on what its priorities should be in regard to its work on outside interests and employment. The committee agreed to liaise further with the Standards Committee to consider the matter once its MP members had been appointed.

The committee also received a private briefing from Thea Walton, the Director of the Independent Complaints and Grievance Scheme, considering in particular recommendation 3 from the May 2024 review of the ICGS by Paul Kernaghan, relating to complaints made to political parties that fall within the scope of the ICGS.
