Dear Debbie

I would like to thank the Committee for conducting their inquiry into defined benefit pension schemes which has produced such a detailed report and recommendations.

A response was due at the end of May. Unfortunately, the Government was unable to respond at that time because a General Election was called.

The Select Committees Report raises a number of very complex questions which the Department needs time to work through with the new ministerial team. Therefore, my officials are working on providing a full response to the DB report in line with the Government's priorities with a view to responding in the new year.

Please do not hesitate to contact us if there are any further questions.

Yours sincerely,

RT HON LIZ KENDALL MP
