Dear Secretary of State,

I'm writing to follow up on the Committee's letter of 12 February 2025 regarding the UK's 2035 Nationally Determined Contribution (NDC) and aviation emissions.

Given the Chancellor's announcement of 29th January supporting the construction of a third runway at Heathrow, how does the Government plan on dealing with the resulting increase in emissions if the runway is built?

We look forward to hearing from you.

Yours sincerely,

Baroness Sheehan, Chair of the Environment and Climate Change Committee
