Dear Nan,

Thank you for providing evidence to the Welsh Affairs Committee's inquiry into *Promoting Wales for Inward Investment*. The Committee and I were very grateful for your time and contribution. There are a few matters on which we would appreciate your views, following our further consideration of the evidence we heard:

- In response to Question 12 from Ann Davies MP, you described the Welsh diaspora as "an underused resource" and discussed the potential benefits that could arise from better connecting the public and private sectors. *Could you please provide examples of how government could connect with the Welsh diaspora?*
- Due to time constraints, we were unfortunately unable to hear your views in response to Question 31 from Claire Hughes MP about how effectively the UK Government, Welsh Government and local government work together. *Could you please share your experience of how effectively the UK Government, Welsh Government and local government work together to attract inward investment, from the diaspora perspective?*
- And finally, in relation to our ongoing work to examine how effectively Wales is promoted as a destination for inward investment and how that could be improved, *are there any further issues that you believe are important to highlight that we did not raise during our evidence meetings on 19 and 26 March?*

I would be grateful if you could please provide your response in writing by Friday 25 April. If you have any questions, please do not hesitate to get in touch with the Committee Clerks, who will be happy to assist.

Yours sincerely,

Ruth Jones MP
Chair of the Welsh Affairs Committee
