From Layla Moran MP and Professor Dame Jane Dacre

4 March 2026

Dear Wes,

Health and Social Care Committee's Expert Panel: independent evaluation of transitioning from child to adult health and social care.

Professor Dacre and I are writing to inform you that the Health and Social Care Committee has asked its Expert Panel to undertake an independent evaluation of progress the Government has made against its commitments regarding the services provided to individuals moving from child to adult health and social care.

In order to support the Panel's evaluation process, we are asking you to set out the Government's current expectations for the level and standard of services that should be provided in England. This should include any legislation, regulations, guidance, frameworks or policy documents that set out standards for care during this transition period - both in terms of the level of coverage and the quality of the care. The Panel will use this list to inform its future work.

Please could you send us this information by 31 March 2026.

As is the usual way for the Independent Expert Panel, there will be further opportunity for the Government and its arm's-length bodies to provide their input as its work progresses.

Yours,

A handwritten signature in black ink, reading "Layla Moran".

Layla Moran MP
Chair, Health and Social Care Committee
