Dear Sir Geoffrey,

Further information regarding Treasury Minute progress reports

We will shortly be providing progress updates against the Committee's outstanding recommendations to the Department. In the meantime, I am writing to provide additional information on the below report, where we have extended our target implementation date.

Tackling homelessness (4th report, session 2024-26)

Recommendation 7: MHCLG should implement the provisions of the Supported Housing (*Regulatory Oversight*) Act as quickly as possible, and provide an update on its progress in its Treasury Minute response.

Revised implementation date: Winter 2026

The government has taken a number of steps to implement the measures set out in the Act, which are included in our update. Now that the response to the consultation has been published we will move at pace to consult on the regulations (as committed to during passage of the Act) and finalise accompanying guidance to put the regime into operation as soon as is practically possible.

Yours sincerely,

DAME SARAH HEALEY
