ANNUAL REPORT AND ACCOUNTS 2025-26

I am pleased to let you know that the UK Supreme Court and Judicial Committee of the Privy Council's Annual Report and Accounts which covers the 2025-26 financial year can be found here: [UKSC The Supreme Court AR As 2025 26 v11_9604c67c65.pdf](#). The Report incorporates the audited accounts for that period and has been laid before Parliament.

The core business of the Court is hearing appeals and handing down judgments. In the report you can read about some of the most significant decisions that have an impact on UK society and beyond. It is vitally important that Court users and the public receive an excellent service and this year we have we have embedded the work of our award-winning change programme offering fully digital services and new websites, making our work more transparent and accessible.

The report also covers our international work, our expanding education and outreach programmes and our approach to judicial diversity and inclusion. This year we have welcomed almost 85,000 visitors to the Court, including 593 tours. We have developed stronger relationships with Parliamentarians and government, increasing understanding of the Court's constitutional role and the rule of law within a democratic state.

Looking forward, we published a new business plan in April, updating our vision and sharpening our focus on three priorities: providing a world class service, serving the public and engaging outwards. The Court's role and purpose stay the same: we are a world leading Court, delivering the highest quality judgments, known for our transparency and accessibility, and a user centred approach.

I hope you find this report an enjoyable read.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'V.C.F.' with a stylized flourish at the end.
