Dear Darren,

We were grateful for the chance to appear before the BEIS select committee on Tuesday 18 May.

As we set out at the hearing, at Spending Review 2020 the government published provisional priority outcomes for each UK government department. These capture the government's long-term policy objectives, from the levelling up agenda, to reducing crime, to improving education standards across the country.

The government has also identified provisional metrics for each outcome, against which progress towards delivering the outcomes will be measured.

All provisional outcomes and metrics can be found [here](#).

LUKE HALL MP

Minister for Regional Growth and Local Government
