Note: attendance rates at any particular committee will reflect other parliamentary commitments by Members, including membership of other select committees meeting at the same time or commitments in the Chamber or at public bill, delegated legislation or other parliamentary committees. Attendance rates can also be affected by such things as longterm illnesses, family illnesses or caring responsibilities. In some cases, a Member may have indicated an intention to leave the committee but has not yet been discharged by the House.

Liaison Committee figures include attendance at hearings with the Prime Minister for which the Committee selects, informally, Member participation in questioning; other members of the Committee who contact the clerk during these virtual or hybrid proceedings are recorded as present in accordance with the Speaker's ruling of 24 March 2020.
