

Crown Prosecution Service

Supplementary Estimate 2021-22

Memorandum

1 Overview

1.1 Objectives

The Crown Prosecution Service (CPS) prosecutes criminal cases that have been investigated by the police and other law enforcement agencies in England and Wales. The CPS is a non-ministerial department and makes decisions independently of the police and government.

The CPS has a duty to ensure that the right person is prosecuted for the right offence, and to bring offenders to justice wherever possible.

The CPS:

- Decide which cases should be prosecuted – every charging decision is based on the same two-stage test in the Code for Crown Prosecutors
- Determine the appropriate charges in more serious or complex cases and advise the police during the early stages of investigations
- Prepare cases and presents them at court
- Provide information, assistance and support to victims and prosecution witnesses

Prosecutors must be fair, objective, and independent. To charge someone with a criminal offence, prosecutors must be satisfied that there is sufficient evidence to provide a realistic prospect of conviction, and that prosecution is in the public interest.

1.2 Spending controls

The CPS' net spending is broken down into a several different spending totals, for which Parliament's approval is sought.

The spending totals which Parliament votes are:

- Resource Departmental Expenditure Limit ("**Resource DEL**")- a net limit comprising of day-to-day running costs including prosecution costs, costs of confiscating proceeds of crime and capacity building in the Criminal Justice System less income received primarily from costs awarded to CPS in court and the Recovered Assets Incentivisation Scheme
- Capital Departmental Expenditure Limit ("**Capital DEL**")- investment in capital equipment primarily for IT and Estates
- Annually Managed Expenditure ("**AME**")- write-offs and changes in allowance for irrecoverable debts; provisions and other non-cash costs falling in AME

In addition, Parliament votes on a net cash requirement, designed to cover the elements of the above budgets which require the CPS to pay out cash in year.

The CPS obtains its net funding requirement from HM Treasury through the Estimates. During 21/22, additional funding has been received which will enable the CPS to respond effectively to the expected increase in caseload resulting from the recruitment of 20,000 new police officers; better meet disclosure obligations; work with investigators to pursue all reasonable lines of inquiry; and to deliver a review to external counsel fees. The CPS also receives income from several sources primarily from Costs awarded to CPS in court and the Recovered Assets Incentivisation Scheme.

1.9 Other funding announcements

Spending announcements made during the year not listed at Annex B relate to reallocated money within existing planned limits, rather than “new”, additional money.
