To whom this may concern,

I am writing in regards to the review of homeschooling.

I would like to begin with saying that I am a member of the TEACH home education organisation.

They have been absolutely wonderful. I began schooling my son at the age of four and my experience has been great. They gave me an initial training with a test to see if I understood my rights and obligations. After completing this I ordered my books, which was very easy. Via phone/online

TEACH has been there for everything that I have needed from support to ordering the correct curriculum.

Since I started schooling my son I have seen how quickly he has progressed and responded to the style of teaching. He is excelling in all his work.

I have no regrets and will continue to home school my son.

Many thanks.

Mrs Sharry
